

**TROY**

— MEDITERRANEAN MEZZE —  
AND ROOF BAR

**Welcome to Troy**, where we invite you to embark on a Mediterranean Mezze rooftop bar adventure unlike any other.

Nestled under the open skies, Troy seamlessly blends the vibrant traditions of Turkish and Greek cultures, creating a harmonious fusion of culinary delight and cultural richness. Our venue is more than just a bar; it is an enchanting oasis that serves as a restaurant, a lounge, and a Gemstone museum all in one. Savour our exquisite selection of Mediterranean mezze, where each dish tells a story of time-honoured flavours and artisanal craftsmanship.

Take a moment to wander through our captivating gemstone collection, where the allure of precious stones meets the artistry of nature.

With breath-taking views as your backdrop, let Troy be your destination for an unforgettable experience and bold mixology.

Troy serves as a symbolic bridge between Greek mythology and Turkish history, igniting the concept behind our rooftop bar and its name.

Continuing the narrative is our signature drink, 'The Helena, paying homage to the legendary beauty of Helen of Sparta from Greek mythology.

Crafted with local spices and ingredients, this farm-to-glass cocktail offers a sensory journey.

Its presentation is a simple, artful experience - bold, beautiful, and confident.

'The Helena' is an artistic masterpiece in a glass.
